FORWARD-LOOKING STATEMENTS

The following information provides cautionary statements under the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. We identify important factors that could cause our actual results to differ materially from those projected in forward-looking statements we make in this report or in other documents that reference this report. All statements that express or involve discussions as to: expectations, beliefs, plans, objectives, assumptions or future events or performance (often, but not always, identified through the use of words or phrases such as we or our management believes, expects, anticipates or hopes and words or phrases such as will result, are expected to, will continue, is anticipated, estimated, projection and outlook, and words of similar import) are not statements of historical facts and may be forward-looking. These forward-looking statements are based largely on our expectations and are subject to a number of risks and uncertainties including, but not limited to, economic, competitive, regulatory, growth strategies, available financing and other factors discussed elsewhere in this report and in the documents filed by us with the Securities and Exchange Commission ("SEC"). Many of these factors are beyond our control. Actual results could differ materially from the forward-looking statements we make in this report or in other documents that reference this report. In light of these risks and uncertainties, there can be no assurance that the results anticipated in the forward-looking information contained in this report or other documents that reference this report will, in fact, occur.

These forward-looking statements involve estimates, assumptions and uncertainties, and, accordingly, actual results could differ materially from those expressed in the forward-looking statements. These uncertainties include, among others, the following: (i) the inability of our broker-dealer operations to operate profitably in the face of intense competition from larger full service and discount brokers; (ii) a general decrease in merger and acquisition activities and our potential inability to receive success fees as a result of transactions not being completed; (iii) increased competition from business development portals; (iv) technological changes; (v) our potential inability to implement our growth strategy through acquisitions or joint ventures; and (vi) our potential inability to secure additional debt or equity financing.

Any forward-looking statement speaks only as of the date on which such statement is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events, except as required by law. New factors emerge from time to time and it is not possible for our management to predict all of such factors, nor can our management assess the impact of each such factor on the business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statement.

NATIONAL HOLDINGS CORPORATION AND SUBSIDIARIES
CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2017
(UNAUDITED)

NOTE 1. BASIS OF PRESENTATION

The accompanying condensed consolidated financial statements of the Company, have been prepared in accordance with generally accepted accounting principles in the United States ("GAAP") for interim financial statements and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and disclosures required for annual financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. The condensed consolidated financial statements as of June 30, 2017 and for the three and nine months ended June 30, 2017 and 2016 are unaudited. The results of operations for the interim periods are not necessarily indicative of the results of operations for the respective fiscal years. The consolidated statement of financial condition at September 30, 2016 has been derived from the audited financial statements at that date, but does not include all of the information and notes required by GAAP for complete financial statement presentation. The accompanying consolidated financial information should be read in conjunction with the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2016 for additional disclosures and accounting policies.

Certain items in the condensed consolidated statement of operations for the fiscal 2016 period have been reclassified to conform to the presentation in the fiscal 2017 period. Such reclassifications did not have a material impact on the presentation of the overall financial statements.

NOTE 2. ORGANIZATION AND DESCRIPTION OF BUSINESS

National Holdings Corporation ("National" or the "Company"), a Delaware corporation organized in 1996, operates through its wholly owned subsidiaries which principally provide financial services. Through its broker-dealer and investment advisory subsidiaries, the Company (1) offers full service retail brokerage and investment advisory services to individual, corporate and institutional clients, (2) provides investment banking, merger, acquisition and advisory services to micro, small and mid-cap high growth companies, (3) engages in trading securities, including making markets in micro and small-cap, NASDAQ and other exchange listed stocks and (4) provides liquidity in the United States Treasury marketplace. Broker-dealer subsidiaries consist of National Securities Corporation ("National Securities" or "NSC") and vFinance Investments, Inc. ("vFinance Investments") (collectively, the "Broker-Dealer Subsidiaries"). The Broker-Dealer Subsidiaries conduct a national securities brokerage business through their main offices in New York City, New York, Boca Raton, Florida, and Seattle, Washington. Broker-dealer subsidiaries are introducing brokers and clear all transactions through clearing organizations, on a fully disclosed basis. The Broker-Dealer Subsidiaries are registered with the Securities and Exchange Commission ("SEC") and the Commodities and Futures Trading Commission, and are members of the Financial Industry Regulatory Authority ("FINRA"), the Securities Investor Protection Corporation and the National Futures Association.

The Company's wholly-owned subsidiary, National Asset Management, Inc. ("NAM"), is a federally-registered investment adviser providing asset management advisory services to retail clients for a fee based upon a percentage of assets managed.

The Company's wholly-owned subsidiaries, National Insurance Corporation ("National Insurance") and Prime Financial Services ("Prime Financial"), provide fixed insurance products to their clients, including life insurance, disability insurance, long term care insurance and fixed annuities.

The Company's wholly-owned subsidiary, Gilman Ciocia, Inc. ("Gilman"), provides tax preparation and accounting services to individuals and small to midsize companies.

The Company's wholly-owned subsidiary, GC Capital Corporation ("GC"), provides licensed mortgage brokerage services in New York and Florida.

On September 9, 2016, a subsidiary of Fortress Biotech, Inc. ("Fortress"), acquired a controlling interest in the Company. See Note 19.

NOTE 3. RECEIVABLES FROM BROKER-DEALERS AND CLEARING ORGANIZATIONS AND OTHER RECEIVABLES

At June 30, 2017 and September 30, 2016, the receivables of \$2,786,000 and \$3,357,000, respectively, from broker-dealers and clearing organizations represent net amounts due for fees and commissions associated with the Company's retail brokerage business as well as asset based fee revenues associated with the Company's Investment advisory business.

Other receivables, net, at June 30, 2017 and September 30, 2016 of \$4,748,000 and \$5,430,000, respectively, principally represent (a) trailing fees of \$1,196,000 and \$1,250,000, respectively, (b) fees for tax and accounting services of \$546,000 and \$864,000, respectively, net of allowance for doubtful accounts of \$307,000 and \$581,000, respectively, (c) advances to registered representatives of \$889,000 and \$918,000, respectively, net of allowance for doubtful accounts of \$154,000 for both periods, (d) receivable related to investment banking of \$773,000 and \$1,877,000, respectively, (e) receivable related to advisory fees of \$486,000 and \$597,000, respectively, and (f) notes receivable in the aggregate principal amount of \$613,000 at June 30, 2017 from the sale of two Gilman branches (see Note 7).

NOTE 4. FORGIVABLE LOANS RECEIVABLE

From time to time, the Company's operating subsidiaries may make loans, evidenced by promissory notes, primarily to newly recruited independent financial advisors as an incentive for their affiliation. The notes receivable balance is comprised of unsecured non-interest-bearing and interest-bearing loans (interest rates ranging up to 9%). These notes have various schedules for repayment or forgiveness based on production or retention requirements being met and mature at various dates through 2021. Forgiveness of loans amounted to \$520,000 and \$493,000 for the nine months ended June 30, 2017 and 2016, respectively, and the related compensation was included in commissions, compensation and fees in the condensed consolidated statements of operations. In the event the advisor's affiliation with the subsidiary terminates, the advisor is required to repay the unamortized balance of any notes payable.

The Company provides an allowance for doubtful accounts on the notes based on historical collection experience and continually evaluates the receivables for collectability and possible write-offs where a loss is deemed probable. As of June 30, 2017 and September 30, 2016, no allowance for doubtful accounts was required.

Forgivable loan activity for the nine months ended June 30, 2017 is as follows:

Balance, October 1, 2016	\$	1,712,000
Additions		77,000
Amortization		(520,000)
Balance, June 30, 2017	\$	<u>1,269,000</u>

There were no unamortized loans outstanding at June 30, 2017 and September 30, 2016 attributable to registered representatives who ended their affiliation with the Broker-Dealer Subsidiaries prior to the fulfillment of their obligation.

NOTE 5. FAIR VALUE OF ASSETS AND LIABILITIES

Authoritative accounting guidance defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market or income approach are used to measure fair value.

The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted market prices that are observable, either directly or indirectly, and reasonably available. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the Company.

Level 3 - Unobservable inputs which reflect the assumptions that the Company develops based on available information about what market participants would use in valuing the asset or liability.

The following tables present the carrying values and estimated fair values at June 30, 2017 and September 30, 2016 of financial assets and liabilities, excluding financial instruments that are carried at fair value on a recurring basis, and information is provided on their classification within the fair value hierarchy. Such instruments are carried at amounts that approximate fair value due to their short-term nature and generally negligible credit risk.

Depreciation expense associated with fixed assets for the three months ended June 30, 2017 and 2016 was \$91,000 and \$122,000, respectively.

Depreciation expense associated with fixed assets for the nine months ended June 30, 2017 and 2016 was \$278,000 and \$345,000, respectively.

NOTE 7. BUSINESS COMBINATION, CONTINGENT CONSIDERATION AND DISPOSAL OF BRANCHESBusiness Combination

In October 2016, Gilman acquired certain assets of a tax preparation and accounting business that was deemed to be a business acquisition. The consideration for the transaction consisted of a cash payment at closing of \$19,000 and contingent consideration payable in cash having a fair value of \$192,000, for which a liability (included in Accounts payable and accrued expenses) was recognized based on the estimated acquisition date fair value of the potential earn-out. The earn-out is based on revenue, as defined in the acquisition agreement, during the 36-month period following the closing up to a maximum of \$225,600. The liability was valued using an income-based approach using unobservable inputs (Level 3) and reflects the Company's own assumptions. The liability will be revalued at each Balance Sheet date with changes therein recorded in earnings. The fair value of the acquired assets was allocated to customer relationships, which is being amortized over three years. Results of operations of the acquired business are included in the accompanying condensed consolidated statements of operations from the date of acquisition and were not material. In addition, based on materiality, pro forma results are not presented.

Contingent Consideration

Set below are changes in the carrying value of contingent consideration for the nine months ended June 30, 2017 related to acquisitions:

Fair value of contingent consideration at September 30, 2016	\$	424,000
Fair value of contingent consideration in connection with above acquisition		192,000
Payments		—
Change in fair value		21,000
Fair value of contingent consideration at June 30, 2017	\$	<u>637,000</u>

Disposal of Gilman Branches

In January 2017, the Company sold two of its Gilman branches for notes in the aggregate principal amounts of \$638,000 which, after allocating a portion of goodwill and unamortized intangibles of \$305,000 and \$203,000, respectively, resulted in a gain on disposal of \$130,000. Principal and interest on the notes is payable monthly over 83 to 95 months with interest at 3% to 4% per annum.

NOTE 8. INTANGIBLE ASSETS

Intangibles consisted of the following at June 30, 2017 and September 30, 2016:

Intangible asset	June 30, 2017			Estimated Useful Life (years)
	Cost	Accumulated Amortization	Carrying Value	
Customer relationships	\$ 6,867,000	\$ 2,508,000	\$ 4,359,000	3-10

	<u>\$ 8,025,000</u>	<u>\$ 2,321,000</u>	<u>\$ 5,704,000</u>	

Amortization expense associated with intangible assets for the three months ended June 30, 2017 and 2016 was \$197,000 and \$180,000, respectively.

Amortization expense associated with intangible assets for the nine months ended June 30, 2017 and 2016 was \$593,000 and \$553,000, respectively.

The estimated future amortization expense of the finite lived intangible assets for the next five fiscal years and thereafter is as follows:

Year ending
September 30,

Three months ending September 30, 2017	\$ 197,000
2018	790,000

Income taxes payable	927,000	—
Other	1,844,000	3,223,000
Total	<u>\$ 8,508,000</u>	<u>\$ 7,166,000</u>

NOTE 10. PER SHARE DATA

Basic net income (loss) per share of common stock attributable to the Company is computed on the basis of the weighted average number of shares of common stock outstanding. Diluted net income (loss) per share is computed on the basis of such weighted average number of shares of common stock outstanding plus the dilutive effect of incremental shares of common stock potentially issuable under outstanding options, warrants and unvested restricted stock units utilizing the treasury stock method. A reconciliation of basic and diluted common shares used in the computation of per share data follows:

	Three Month Period Ended June 30,		Nine Month Period Ended June 30,	
	2017	2016	2017	2016
Basic weighted-average shares	12,437,916	12,440,035	12,437,916	12,442,059
Effect of dilutive securities:				
Options	—	—	186	—
Unvested restricted stock units	—	—	21,732	—
Warrants	—	—	—	—
Diluted weighted-average shares	<u>12,437,916</u>	<u>12,440,035</u>	<u>12,459,834</u>	<u>12,442,059</u>

The following potential common share equivalents are not included in the above diluted computation because to do so would be anti-dilutive as the instruments are out of the money:

	Three Month Period Ended June 30,		Nine Month Period Ended June 30,	
	2017	2016	2017	2016
Options	1,206,000	1,224,500	1,207,333	1,311,167
Warrants	12,459,474 (a)	43,116	8,313,502 (a)	43,116
Restricted stock units	312,500	—	—	—
	<u>13,977,974</u>	<u>1,267,616</u>	<u>9,520,835</u>	<u>1,354,283</u>

(a) As the warrants are out of the money, in the diluted computation, no adjustment is made to net income (loss) to eliminate the change in fair value of the warrants.

NOTE 11. OFF BALANCE SHEET RISK AND CONCENTRATION OF CREDIT RISK

The Company is engaged in trading and providing a broad range of securities brokerage and investment services to a diverse group of retail and institutional clientele, as well as corporate finance and investment banking services to corporations and businesses. Counterparties to the Company's business activities include broker-dealers and clearing organizations, banks and other financial institutions. The Company uses clearing brokers to process transactions and maintain customer accounts for the Company on a fee basis. The Company permits the clearing firms to extend credit to its clientele secured by cash and securities in the client's account. The Company's exposure to credit risk associated with the non-performance by its customers and counterparties in fulfilling their contractual obligations can be directly impacted by volatile or illiquid trading markets, which may impair the ability of customers and counterparties to satisfy their obligations to the Company. The Company has agreed to indemnify the clearing brokers for losses they incur while extending credit to the Company's clients. It is the Company's policy to review, as necessary, the credit standing of its customers and counterparties. Amounts due from customers that are considered uncollectible by the clearing broker are charged back to the Company by the clearing broker when such amounts become determinable. Upon notification of a charge back, such amounts, in total or in part, are then either (i) collected from the customers, (ii) charged to the broker initiating the transaction and/or (iii) charged to operations, based on the particular facts and circumstances.

The Company maintains cash in bank deposits, which, at times, may exceed federally insured limits. The Company has not experienced and does not expect to experience losses on such accounts.

A short sale involves the sale of a security that is not owned in the expectation of purchasing the same security (or a security exchangeable) at a later date at a lower price. A short sale involves the risk of a theoretically unlimited increase in the market price of the security that would result in a theoretically unlimited loss.

NOTE 12. NEW ACCOUNTING GUIDANCE

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, Revenue From Contracts With Customers (Topic 606) which creates a single, principle-based model for revenue recognition and expands and improves disclosures about revenue. The new guidance is effective for the Company beginning October 1, 2018, and must be adopted using either a full retrospective approach for all periods presented in the period of adoption or a modified retrospective approach. The Company is currently evaluating the potential impact of this standard on its financial statements which, (1) for investment banking advisory arrangements may change the timing of revenue recognition depending on the number and nature of the performance obligations identified, (2) for underwriting expenses and costs of advisory services and related reimbursement revenue may need to be recognized on a gross basis, and (3) for costs to obtain a contract may need to be capitalized, amortized and reviewed regularly for impairment.

In June 2014, the FASB issued ASU 2014-12, Compensation-Stock Compensation (Topic 718), which requires that a performance target that affects vesting and that could be achieved after the requisite service period be treated as a performance condition. The new guidance was effective for the Company beginning October 1, 2016. The adoption did not have any impact on the Company's financial statements.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842), which supersedes the existing guidance for lease accounting, Leases (Topic 840). ASU 2016-02 requires lessees to recognize leases on their balance sheets, and leaves lessor accounting largely unchanged. The amendments in this ASU are effective for the Company beginning October 1, 2019 and interim periods within those fiscal years. Early application is permitted for all entities. ASU 2016-02 requires a modified retrospective approach for all leases existing at, or entered into after, the date of initial application, with an option to elect to use certain transition relief. The Company is currently assessing the impact that the adoption of ASU 2016-02 will have on its financial statements.

In March 2016, the FASB issued ASU 2016-09, "Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting". ASU 2016-09 simplifies several aspects of the accounting for employee share-based payment transactions, including the accounting for income taxes, forfeitures and statutory tax withholding requirements, as well as classification in the statement of cash flows. ASU 2016-09 is effective for the Company beginning October 1, 2017 for both interim and annual reporting periods. The Company is currently assessing the impact that the adoption of ASU 2016-09 will have on its financial statements.

In August 2016, the FASB issued ASU 2016-15, "Statement of Cash Flows (Topic 230) - Classification of Certain Cash Receipts and Cash Payments". ASU 2016-15 reduces the diversity of how certain cash receipts and cash payments are presented and classified in the statement of cash flows under Topic 230, Statement of Cash Flows, and other Topics. The standard is effective for the Company beginning October 1, 2018 for both interim and annual periods. Early adoption is permitted. The ASU should be applied retrospectively to all periods presented. The Company does not anticipate that the adoption of ASU 2016-15 will have a material impact on its financial statements.

In November 2016, the FASB issued ASU 2016-18, "Statement of Cash Flows (Topic 230) - Restricted Cash". ASU 2016-18 reduces the diversity in the presentation of restricted cash and restricted cash equivalents in the statement. The statement requires that restricted cash and restricted cash equivalents be included as components of total cash and cash equivalents as presented on the statement of cash flows. The standard is effective for the Company beginning October 1, 2018 for both interim and annual periods. Early adoption is permitted. The ASU should be applied retrospectively to all periods presented. The Company is currently assessing the impact that the adoption of ASU 2016-18 will have on its financial statements.

In January 2017, the FASB issued ASU 2017-01, "Business Combinations (Topic 805): Clarifying the Definition of a Business". The amendments in this Update is to clarify the definition of a business with the objective of adding guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The definition of a business affects many areas of accounting including acquisitions, disposals, goodwill, and consolidation. The standard is effective for the Company beginning October 1, 2018 for both interim and annual periods. The Company is currently assessing the impact that the adoption of ASU 2017-01 will have on its financial statements.

In January 2017, FASB issued ASU 2017-04, "Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment", which eliminates the second step of the previous FASB guidance for testing goodwill for impairment and is intended to reduce cost and complexity of goodwill impairment testing. The standard is effective for the Company beginning October 1, 2020 for both interim and annual periods. Early adoption is permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. The Company is currently assessing the impact that the adoption of ASU 2017-04 will have on its financial statements.

In May 2017, the FASB issued ASU 2017-09, "Scope of Modification Accounting". This ASU clarifies when changes to the terms or conditions of a share-based payment award must be accounted for as modifications. Under the new guidance, modification accounting is required only if the fair value, the vesting conditions, or the classification of the award (as equity or liability) changes as a result of the change in terms or conditions. The standard is effective for the Company beginning October 1, 2018 for both interim and annual periods. Early adoption is permitted. The Company is currently assessing the impact that the adoption of ASU 2017-09 will have on its financial statements.

NOTE 13. COMMITMENTS AND CONTINGENCIES

Leases

The Company leases office space in various states expiring at various dates through October 2026, and as of June 30, 2017, is committed under operating leases for future minimum lease payments as follows:

Fiscal Year Ending	Lease Payments
Three months ending September 30, 2017	\$ 711,000
2018	3,138,000
2019	2,634,000
2020	2,415,000
2021	2,096,000
Thereafter	5,855,000
	<u>\$ 16,849,000</u>

The total amount of rent payable under the leases is recognized on a straight line basis over the term of the leases. Rental expense under all operating leases, excluding sublease income, for the three months ended June 30, 2017 and 2016 was \$929,000 and \$961,000, respectively. Rental expense under all operating leases, excluding sublease income, for the nine months ended June 30, 2017 and 2016 was \$2,854,000 and \$2,880,000, respectively. Sublease income under all operating subleases for the three months ended June 30, 2017 and 2016 was approximately \$2,000 and \$35,000, respectively. Sublease income under all operating subleases for the nine months ended June 30, 2017 and 2016 was approximately \$77,000 and \$106,000, respectively.

As of June 30, 2017, the Company and its subsidiaries had three outstanding letters of credit, which have been issued in the maximum amount of \$1,380,000 as security for property leases, and which are collateralized by the restricted cash as reflected in the condensed consolidated statements of financial condition.

Litigation and Regulatory Matters

The Company and its subsidiaries are defendants or respondents in various pending and threatened arbitrations, administrative proceedings and lawsuits seeking compensatory damages. Several cases have no stated alleged damages. Claim amounts are infrequently indicative of the actual amounts the Company will be liable for, if any. Further, the Company has a history of collecting amounts awarded in these types of matters from its registered representatives that are still affiliated, as well as from those that are no longer affiliated. Many of these claimants also seek, in addition to compensatory damages, punitive or treble damages, and all seek interest, costs and fees. These matters arise in the normal course of business. The Company intends to vigorously defend itself in these actions, and the ultimate outcome of these matters cannot be determined at this time.

Liabilities for potential losses from complaints, legal actions, government investigations and proceedings are established where the Company believes that it is probable that a liability has been incurred and the amount of loss can be reasonably estimated. In making these decisions, management bases its judgments on its knowledge of the situations, consultations with legal counsel and its historical experience in resolving similar matters. In many lawsuits, arbitrations and regulatory proceedings, it is not possible to determine whether a liability has been incurred or to estimate the amount of that liability until the matter is close to resolution. However, accruals are reviewed regularly and are adjusted to reflect the Company's estimates of the impact of developments, rulings, advice of counsel and any other information pertinent to a particular matter. Because of the inherent difficulty in predicting the ultimate outcome of legal and regulatory actions, management cannot predict with certainty the eventual loss or range of loss related to such matters. At June 30, 2017 and September 30, 2016, the Company accrued approximately \$2,633,000 and \$832,000, respectively. These amounts are included in accounts payable and accrued expenses in the condensed consolidated statements of financial condition. During the three and nine months ended June 30, 2017, the Company charged \$2,326,000 and \$3,322,000, respectively, to operations with respect to such matters and during the three and nine months ended June 30, 2016, the Company charged \$362,000 and \$525,000, respectively, to operations, which is included in other administrative expenses. The Company has included in "Professional fees" litigation and FINRA related expenses of \$430,000 and \$346,000 for the three months ended June 30, 2017 and 2016, respectively and \$1,229,000 and \$799,000 for the nine months ended June 30, 2017 and 2016, respectively.

NOTE 14. NET CAPITAL REQUIREMENTS

National Securities is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1) (the "Rule"), which, among other things, requires the maintenance of minimum net capital. At June 30, 2017, National Securities had net capital of \$10,464,721 which was \$10,214,721 in excess of its required net capital of \$250,000. National Securities is exempt from the provisions of the SEC's Rule 15c3-3 since it is an introducing broker-dealer that clears all transactions on a fully disclosed basis and promptly transmits all customer funds and securities to clearing brokers.

vFinance Investments is also subject to the Rule, which, among other things, requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2017, vFinance Investments had net capital of \$1,534,147 which was \$534,147 in excess of its required net capital of \$1,000,000. vFinance Investments' ratio of aggregate indebtedness to net capital was 0.8 to 1. vFinance Investments is exempt from the provisions of the SEC's Rule 15c3-3 since it is an introducing broker-dealer that clears all transactions on a fully disclosed basis and promptly transmits all customer funds and securities to clearing brokers.

Advances, dividend payments and other equity withdrawals from the Company's Broker-Dealer Subsidiaries are restricted by the regulations of the SEC, and other regulatory agencies. These regulatory restrictions may limit the amounts that a subsidiary may dividend or advance to the Company.

NOTE 15. STOCKHOLDERS' EQUITY

Shares Authorized

On January 26, 2017, the stockholders of the Company approved (i) to amend the Company's certificate of incorporation to decrease the number of authorized shares of its common stock from 150,000,000 shares to 75,000,000 shares and (ii) to amend the Company's 2013 Omnibus Incentive Plan to increase the number of shares of its common stock authorized for issuance by 650,000.

Restricted Stock Units

In January 2017, the Company granted 625,000 restricted stock units ("RSU") to the Company's Chief Executive Officer. One RSU gives the right to one share of the Company's common stock. RSUs shall vest as follows: (1) 312,500 shall equally vest in 25% increments on the anniversary date of the grant date over the next four years; (2) 52,083 shall vest based upon the Company first achieving a market capitalization of \$75,000,000 for 30 consecutive trading days; 52,083 shall vest based upon the Company first achieving a market capitalization of \$100,000,000 for 30 consecutive trading days; 52,084 shall vest based upon the Company first achieving a market capitalization of \$150,000,000 for 30 consecutive trading days; and (3) 52,083 shall vest based upon the Company's EBITDA first being equal to or greater than \$10,000,000 at the end of a fiscal year; 52,083 shall vest based upon the Company's EBITDA first being equal to or greater than \$15,000,000 at the end of a fiscal year; 52,084 shall vest based upon the Company's EBITDA first being equal to or greater than \$25,000,000 at the end of a fiscal year.

RSUs that vest based on service and performance are measured based on the fair market values of the underlying stock on the date of grant. The Company used a Lattice model to determine the fair value of the RSUs with a market condition.

For the three and nine months ended June 30, 2017, the Company recognized compensation expense of \$129,000 and \$312,000, respectively, related to RSUs. At June 30, 2017, unrecognized compensation with respect to RSUs amounted to \$1,150,000, assuming all performance-based compensation will vest.

In July 2017, the Company granted 625,000 RSUs to certain officers and senior managers of which 312,500 shall vest over four years, 156,250 shall vest based on the Company achieving certain performance criteria and 156,250 shall vest based on the Company achieving certain market criteria.

NOTE 16. SHARE REPURCHASE

In August 2015, the Company's Board of Directors authorized the repurchase of up to \$2 million of the Company's common stock. Share repurchases, if any, will be made using a variety of methods, which may include open market purchases, privately negotiated transactions or block trades, or any combination of such methods, in accordance with applicable insider trading and other securities laws and regulations. The Company's Board did not stipulate an expiration date for this repurchase and the purchase decisions are at the discretion of the Company's management. During the three and nine months ended June 30, 2017, the Company did not repurchase any shares. During the nine months ended June 30, 2016, the Company repurchased 33,933 common shares at a cost of approximately \$86,000.

NOTE 17. INCOME TAXES

The Company files a consolidated federal income tax return and certain combined state and local income tax returns with its subsidiaries. Income taxes for the three and nine month periods ended June 30, 2017 and 2016 is based on the estimated annual effective tax rate. Each quarter the Company updates its estimate of the annual effective tax rate and records cumulative adjustments as necessary.

The effective tax rate for the three and nine month periods ended June 30, 2017 and 2016 differs from the federal statutory income tax rate principally due to non-deductible expenses, state and local income taxes and non-taxable changes in the fair value of warrants. Further, the three month period in 2017 reflects a cumulation adjustment to reflect a reduction in the estimated annual effective tax rate.

At June 30, 2017, the Company's net deferred tax asset is principally comprised of net operating loss carryforwards. Management believes that it is more likely than not that its deferred tax assets will be realized and, accordingly, has not provided a valuation allowance against such amount.

NOTE 18. SEGMENT INFORMATION

The Company has two reportable segments. The brokerage and advisory services segment includes broker-dealer and investment advisory services, the sale of insurance products and licensed mortgage brokerage services provided by the Broker-Dealer Subsidiaries, NAM, National Insurance, Prime Financial and GC. The tax and accounting services segment includes tax preparation and accounting services provided by Gilman.

The Corporate pre-tax income (loss) consists of certain items that have not been allocated to reportable segments.

Segment information for the three and nine months ended June 30, 2017 and 2016 is as follows:

(d) Consists of fair value gain on warrants offset by operating expenses not allocated to reportable segments.

NOTE 19. ACQUISITION OF CONTROLLING INTEREST IN THE COMPANY

On September 12, 2016, FBIO Acquisition, Inc. ("FBIO Acquisition"), a wholly-owned subsidiary of Fortress, completed a tender offer (the "Offer") for all outstanding shares of the Company at a price of \$3.25 per share, net to the seller in cash (less any required withholding taxes and without interest) (the "Offer Price"), pursuant to the terms of an Agreement and Plan of Merger dated as of April 27, 2016 (as amended, the "Merger Agreement") among the Company, Fortress and FBIO Acquisition. The Offer expired on September 9, 2016, and a total of 7,037,482 shares were validly tendered and not withdrawn (including shares delivered through notices of guaranteed delivery), representing approximately 56.6% of the Company's issued and outstanding shares of common stock immediately following the completion of the Offer (in each case, without giving effect to the issuance or exercise of the Dividend Warrants). On September 12, 2016, FBIO Acquisition accepted for payment all shares that were validly tendered and not withdrawn prior to the expiration time of the Offer (such time of acceptance, the "Acceptance Time") and delivered payment for such shares.

Dividend Warrants

In accordance with the Merger Agreement, since less than 80% of the Company's issued and outstanding shares of common stock were tendered, the Company remains a publicly-traded company and stockholders post-tender offer received from the Company a five year warrant per held share to purchase an additional share of the Company's common stock at \$3.25 as a dividend to all holders of the Company's common stock.

As the Company does not have the ability to settle the warrants with unregistered shares and maintenance of an effective registration statement (which did not exist at September 30, 2016) may be considered outside of the Company's control, net cash settlement of the warrants is assumed. Accordingly, as the Company was obligated to issue the warrants at September 30, 2016, and subsequently issued the warrants in January 2017, the fair value of the 12,437,916 warrants are being classified as a liability in the condensed consolidated statement of financial condition at June 30, 2017 and September 30, 2016. This liability is subject to re-measurement at each balance sheet date until the warrants are exercised or expired, and any change in fair value is recognized as "change in fair value of warrants" in the condensed consolidated statements of operations. As the warrants were registered and trading and the Company maintained an effective registration statement at June 30, 2017, fair value of the warrants was based on the market price. As of September 30, 2016, valuation was determined by use of the Black-Scholes option pricing model using the following assumptions:

	Fiscal Year 2016
Dividend yield	0.00%
Expected volatility	38.20%
Risk-free interest rate	1.14%
Life (in years)	5

NOTE 20. RELATED PARTY TRANSACTIONS

During the three and nine months ended June 30, 2017, Investment Banking revenues include approximately \$3,679,000 and \$12,260,000, respectively, of fees related to placement of shares and warrants for Fortress and subsidiaries of Fortress.

NOTE 21. VARIABLE INTEREST ENTITIES

The Company has entered into agreements to provide investment banking and advisory services to numerous entities that are variable interest entities ("VIEs") under the accounting guidance. As the fee arrangements under such agreements are arm's-length and contain customary terms and conditions and represent compensation that is considered fair value for the services provided, the fee arrangements are not considered variable interests and accordingly, the Company does not consolidate such VIEs. Fees attributable to such arrangements for the three months ended June 30, 2017 and 2016 were \$6,071,000 and \$6,283,000, respectively. Fees attributable to such arrangements for the nine months ended June 30, 2017 and 2016 were \$14,033,000 and \$13,335,000, respectively.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. This Report may contain certain statements of a forward-looking nature relating to future events or future business performance. Any such statements that refer to our estimated or anticipated future results or other non-historical facts are forward-looking and reflect our current perspective of existing trends and information. These statements involve risks and uncertainties that cannot be predicted or quantified and, consequently, actual results may differ materially from those expressed or implied by such forward-looking statements. Such risks and uncertainties include, among others, risks and uncertainties detailed under the section titled "Risks Factors" of our Form 10-K for the year ended September 30, 2016. Any forward-looking statements contained in or incorporated into this Quarterly Report on Form 10-Q speak only as of the date of this Report. We undertake no obligation to update publicly any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by law.

OVERVIEW

We are engaged in independent brokerage and advisory services and asset management services, investment banking, equity research and institutional sales and trading, through our Broker-Dealer Subsidiaries, National Securities and vFinance Investments. We are committed to establishing a significant presence in the financial services industry by meeting the varying investment needs of our retail, corporate and institutional clients. Our wholly-owned subsidiary, NAM, is a federally-registered investment adviser that provides asset management advisory services to clients for a fee based upon a percentage of assets managed. We also provide tax preparation services through Gilman, which provides tax preparation services to individuals, predominantly in the middle and upper income tax brackets and accounting services to small and midsize companies.

Each of our Broker-Dealer Subsidiaries is subject to regulation by, among others, the SEC, FINRA and the Municipal Securities Rulemaking Board ("MSRB"), and are members of the Securities Investor Protection Corporation ("SIPC") and the National Futures Association ("NFA"). In addition, each of the Broker-Dealer Subsidiaries is licensed to conduct its brokerage activities in all 50 states, plus the District of Columbia and Puerto Rico and the U.S. Virgin Islands. Gilman is also subject to regulation by, among others, the Internal Revenue Service.

As of June 30, 2017, we had approximately 1,093 associated personnel serving retail and institutional customers, trading and investment banking clients. In addition to our 31 Company offices located in New York, New Jersey, Florida, Texas and Washington, we had approximately 121 other registered offices, owned and operated by independent owners who maintain all appropriate licenses and are responsible for all office overhead and expenses.

Our registered representatives offer a broad range of investment products and services. These products and services allow us to generate both commissions (from transactions in securities and other investment products) and fee income (for providing investment advisory services, namely managing clients' accounts). The investment products and services offered include but are not limited to stocks, bonds, mutual funds, annuities, insurance, and managed money accounts.

RESULTS OF OPERATIONS

Three Months Ended June 30, 2017 Compared to Three Months Ended June 30, 2016

Summary

Our third quarter ended June 30, 2017 resulted in 4% increase in revenues and 2% increase in operating expenses. Investment banking continued to provide high demand deals that were sold across various industry segments in conjunction with favorable market conditions. Our trading business continues to be weaker when comparing to prior year quarters principally due to low U.S. treasury market volatility and the termination of a client relationship.

The increase in operating expenses is due to higher provisions for potential arbitration settlements and higher insurance costs offset in part by a decrease in professional fees associated with the Fortress transaction recorded last year.

Revenues

Total revenues increased \$1,705,000, or 4%, to \$48,047,000, in the current quarter as compared to \$46,342,000 recorded in the comparative period last year.

	Three Months Ended June 30,		Increase (Decrease)	
	2017	2016	Amount	Percent
Commissions	\$ 24,881,000	\$ 25,051,000	\$ (170,000)	(1)%

Total Revenues	\$ 48,047,000	\$ 46,342,000	\$ 1,705,000	4 %

Commissions decreased \$170,000, or 1%, to \$24,881,000 in the current quarter as compared to \$25,051,000 recorded in the comparative period last year;

Net dealer inventory gains, decreased \$551,000, or 24%, to \$1,789,000 in the current quarter as compared to \$2,340,000 recorded in the comparative period last year. The lack of volatility and yields in the U.S. treasury markets coupled with regulatory pressures surrounding large financial institutional proprietary trading have reduced counter party transactional activity in the government fixed income market. The company also terminated a trading relationship with a client during the current quarter that management believed was in the best interest of the company;

Investment banking fees increased \$1,888,000, or 18%, to \$12,623,000 in the current quarter as compared to \$10,735,000 recorded in the comparative period last year. A broad selection of deals across various industries increased product offerings and generated solid demand across our platform;

Investment advisory fees increased \$243,000, or 7%, to \$3,604,000 in the current quarter as compared to \$3,361,000 recorded in the comparative period last year. A net increase in assets under management and an increase in current market values of positions contributed to the increase;

Interest and dividend income decreased \$27,000, or 4%, to \$675,000 in the current quarter as compared to \$702,000 recorded in the comparative period last year;

Transaction fees and clearing services increased \$58,000, or 4%, to \$1,649,000 in the current quarter as compared to \$1,591,000 recorded in the comparative period last year;

Tax preparation and accounting fees increased \$141,000, or 6%, to \$2,527,000 in the current quarter as compared to \$2,386,000 recorded in the comparative period last year. This increase is directly associated with the number of extensions filed in the prior quarter for which tax returns were completed and filed during the current quarter;

Other revenue increased \$123,000, or 70%, to \$299,000 in the current quarter as compared to \$176,000 recorded in the comparative period last year. This increase is due to the continuing growth of client participation in our fully paid stock lending program;

Operating Expenses

Total operating expenses increased \$845,000, or 2%, to \$47,472,000 in the current quarter as compared to \$46,627,000 recorded in the comparative period last year.

	Three Months Ended June 30,		Increase (Decrease)	
	2017	2016	Amount	Percent
Commissions, compensation and fees	\$ 39,963,000	\$ 39,667,000	\$ 296,000	1 %
Clearing fees	470,000	509,000	(39,000)	(8)
Communications	690,000	786,000	(96,000)	(12)
Occupancy	972,000	982,000	(10,000)	(1)
License and registration	391,000	417,000	(26,000)	(6)

Interest	5,000	13,000	(8,000)	(62)
Depreciation and amortization	288,000	302,000	(14,000)	(5)
Other administrative expenses	3,610,000	1,624,000	1,986,000	122
Total Operating Expenses	\$ 47,472,000	\$ 46,627,000	\$ 845,000	2 %

Commissions, compensation, and fees increased \$296,000, or 1%, to \$39,963,000 in the current quarter as compared to \$39,667,000 recorded in the comparative period last year. Commissions, compensation, and fees includes expenses based on commission revenue earned, net dealer inventory gains and investment banking revenues, as well as compensation to our non-broker employees. The increase in Investment banking revenue was primarily responsible for the increase in this expense category;

Clearing fees decreased \$39,000, or 8%, to \$470,000 in the current quarter as compared to \$509,000 recorded in the comparative period last year. This decrease is directly associated with the reduction in the number of retail transactions processed during the period;

Communications expenses decreased \$96,000, or 12%, to \$690,000 in the current quarter as compared to \$786,000 recorded in the comparative period last year. This decrease is attributable to management commitment to expense control such as the consolidation of vendors thus reducing the overall cost;

Occupancy expenses decreased \$10,000, or 1%, to \$972,000 in the current quarter as compared to \$982,000 recorded in the comparative period last year;

License and registration expense decreased by \$26,000, or 6%, to \$391,000 in the current quarter as compared to \$417,000 recorded in the comparative period last year;

Professional fees decreased by \$1,244,000, or 53% to \$1,083,000 in the current quarter as compared to \$2,327,000 recorded in the comparative period last year. The decrease in professional fees is the result of more normalized spending in the current fiscal quarter. The prior year period included professional fees associated with the Fortress transaction;

Interest expense decreased by \$8,000, to \$5,000 in the current quarter as compared to \$13,000 recorded in the comparative period last year;

Depreciation and amortization expenses decreased \$14,000, or 5% to \$288,000 in the current quarter as compared to \$302,000 recorded in the comparative period last year;

Other administrative expenses increased \$1,986,000, or 122%, to \$3,610,000 in the current quarter as compared to \$1,624,000 recorded in the comparative period last year. This increase is attributable to higher provisions for potential arbitration settlements, technology spending and higher insurance costs;

Nine Months Ended June 30, 2017 Compared to Nine Months Ended June 30, 2016

Summary

Our nine months ended June 30, 2017 resulted in a 13% increase in revenues and 8% increase in operating expenses. Investment banking revenues significantly increased with continued successful capital raises in conjunction with favorable market conditions. These revenues coupled with a 2% increase in commissions accounted for the overall increase.

The majority of the increase in operating expenses is related to the commission expense generated by the overall increase in revenues. Other expenses also increased due to higher provisions for potential arbitration settlements, technology spending and higher insurance costs.

Revenues

Total revenues increased \$16,503,000, or 13%, to \$144,500,000 in the nine months ended June 30, 2017 as compared to \$127,997,000 recorded in the comparative period last year.

Total Revenues	\$ 144,500,000	\$ 127,997,000	\$ 16,503,000	13 %

Commissions revenue increased \$1,658,000, or 2%, to \$73,380,000 in the nine months ended June 30, 2017 as compared to \$71,722,000 recorded in the comparative period last year. Commissions increased primarily due to favorable markets and a diversified product base, which generated opportunities and liquidity events for our clients;

Net dealer inventory gains decreased \$817,000, or 11%, to \$6,666,000 in the nine months ended June 30, 2017 as compared to \$7,483,000 recorded in the comparative period last year. This business continues to demonstrate revenue compression resulting from increased regulatory pressures related to treasury bond trading, lack of volatility due to low interest rates, Fed rate hike uncertainty, and fixed income products falling out of favor due to higher equity market returns. The company also terminated a trading relationship with a client during the current quarter that management believed was in the best interest of the company;

Investment banking fees increased \$15,611,000, or 68%, to \$38,532,000 in the nine months ended June 30, 2017 as compared to \$22,921,000 recorded in the comparative period last year. In addition to a very strong nine month period in the number of transactions executed, a broad selection of deals were brought to market during this period across various industries, which generated broad demand across our platform;

Investment advisory fees increased \$143,000, or 1%, to \$10,480,000 in the nine months ended June 30, 2017 as compared to \$10,337,000 recorded in the comparative period last year;

Interest and dividends decreased \$350,000, or 14%, to \$2,065,000 in the nine months ended June 30, 2017 as compared to \$2,415,000 recorded in the comparative period last year. This decrease is primarily attributable to lower customer margin and free cash balances;

Transaction fees and clearing services increased \$322,000, or 6%, to \$5,834,000 in the nine months ended June 30, 2017 as compared to \$5,512,000 recorded in the comparative period last year. This increase is primarily due to higher number of retail transactions processed during the period;

Tax preparation and accounting fees decreased \$695,000, or 10%, to \$6,527,000 in the nine months ended June 30, 2017 as compared to \$7,222,000 recorded in the comparative period last year. This decrease is attributable to the elimination of underperforming locations;

Other revenue increased \$631,000, or 164%, to \$1,016,000 in the nine months ended June 30, 2017 from \$385,000 recorded in the comparative period last year. This increase is due to the growth of our fully paid stock lending program since the end of last year;

Operating Expenses

Total operating expenses increased \$10,267,000, or 8%, to \$138,577,000 in the nine months ended June 30, 2017 as compared to \$128,310,000 recorded in the comparative period last year. The increase in total expenses is primarily due to the increase in Commissions and Investment banking revenues, which has a direct effect on compensation, variable fees and clearing costs. Other expenses increased due to higher provisions for potential arbitration settlements, technology spending and higher insurance costs.

Other administrative expenses	7,315,000	3,973,000	3,342,000	84
Total Operating Expenses	\$ 138,577,000	\$ 128,310,000	\$ 10,267,000	8 %

Commissions, compensation, and fees increased \$8,723,000, or 8%, to \$118,983,000 in the nine months ended June 30, 2017 as compared to \$110,260,000 recorded in the comparative period last year. Commissions, compensation, and fees include expenses based on commission revenue, net dealer inventory gains and investment banking, as well as compensation to our non-broker employees. The increase in commissions expense relative to the higher revenue earned in both Commissions and Investment banking revenues is the primarily factor of the increase in this category offset by a slight decrease in compensation paid on the other revenue categories;

Clearing fees increased \$28,000, or 2%, to \$1,826,000 in the nine months ended June 30, 2017, as compared to \$1,798,000 recorded in the comparative period last year;

Communications expenses decreased \$333,000, or 14%, to \$2,094,000 in the nine months ended June 30, 2017, as compared to \$2,427,000 recorded in the comparative period last year. This decrease is attributable to management commitment to expense control such as the consolidation of vendors thus reducing the overall cost;

Occupancy expenses increased \$30,000, or 1%, to \$2,916,000 in the nine months ended June 30, 2017, as compared to \$2,886,000 recorded in the comparative period last year;

License and registration fees increased \$68,000, or 6%, to \$1,223,000 in the nine months ended June 30, 2017, as compared to \$1,155,000 recorded in the comparative period last year. This increase is attributable to licenses for software applications as the company continues to invest in and implement technology enhancement;

Professional fees decreased \$1,561,000, or 32%, to \$3,336,000 in the nine months ended June 30, 2017, as compared to \$4,897,000 recorded in the comparative period last year. This decrease is attributable to the legal and professional fees associated with the Fortress transaction recorded last year;

Interest expense decreased \$3,000, or 19%, to \$13,000 in the nine months ended June 30, 2017, as compared to \$16,000 recorded in the comparative period last year;

Depreciation and amortization expenses decreased \$27,000, or 3%, to \$871,000 in the nine months ended June 30, 2017, as compared to \$898,000 recorded in the comparative period last year;

Other administrative expenses increased \$3,342,000, or 84%, to \$7,315,000 in the nine months ended June 30, 2017, as compared to \$3,973,000 recorded in the comparative period last year. This increase is attributable to higher provisions for potential arbitration settlements, technology improvements and higher insurance costs;

NON-GAAP INFORMATION

Management considers earnings before interest, taxes, depreciation and amortization, or EBITDA, as adjusted, an important indicator in evaluating our business on a consistent basis across various periods. Due to the significance of non-recurring items, EBITDA, as adjusted, enables our Board of Directors and management to monitor and evaluate our business on a consistent basis. We use EBITDA, as adjusted, as a primary measure, among others, to analyze and evaluate financial and strategic planning decisions regarding future operating investments and potential acquisitions. We believe that EBITDA, as adjusted, eliminates items that are not part of our core operations, such as interest expense and amortization expense associated with intangible assets, or items that do not involve a cash outlay, such as stock-related compensation. EBITDA, as adjusted should be considered in addition to, rather than as a substitute for pre-tax income, net income and cash flows from operating activities.

For the three months ended June 30, 2017 and 2016, EBITDA, as adjusted, was \$1,160,000 and \$225,000, respectively. This increase of \$935,000, or 416% resulted primarily from higher profit margin generated by the increase of revenues in Investment banking transactions and changes in operating expenses recognized over the comparative period last year.

For the nine months ended June 30, 2017 and 2016, EBITDA, as adjusted, was \$7,649,000 and \$1,219,000, respectively. This increase of \$6,430,000 or 527%, resulted primarily from higher profit margin generated by the increase of revenues in Investment banking transactions and retail commissions and operating expense controls.

The following table presents a reconciliation of EBITDA, as adjusted, to net income as reported in accordance with generally accepted accounting principles, or GAAP:

	Three Months Ended June 30,		Nine Months Ended June 30,	
	2017	2016	2017	2016
Net income (loss), as reported	\$ (24,000)	\$ (161,000)	\$ 8,909,000	\$ (244,000)
Interest expense	5,000	13,000	13,000	16,000
Income taxes (benefit)	(38,000)	(124,000)	2,377,000	(69,000)

EBITDA, as adjusted	\$ 1,160,000	\$ 225,000	\$ 7,649,000	\$ 1,219,000

EBITDA, adjusted for forgivable loan amortization, non-cash compensation expense and other non-recurring items, is a key metric we use in evaluating our business. EBITDA is considered a non-GAAP financial measure as defined by Regulation G, promulgated by the SEC.

Liquidity and Capital Resources

	Ending Balance at June 30,		Average Balance during first nine months of	
	2017	2016	2017	2016
Cash	\$ 28,205,000	\$ 22,207,000	\$ 24,105,000	\$ 22,964,000
Receivables from broker-dealers and clearing organizations	2,786,000	3,610,000	2,954,000	3,246,000

Accrued commissions and payroll payable, accounts payable and accrued expenses	19,763,000	15,963,000	18,253,000	16,158,000

We maintain a relatively high level of liquidity on our balance sheet. At both June 30, 2017 and 2016 respectively, 50% and 44% of our total assets consisted of cash, securities owned and receivables from clearing brokers and other broker-dealers. The level of cash used in each asset class is subject to fluctuation based on market volatility, revenue production and trading activity in the marketplace.

National Securities is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) (the Rule), which, among other things, requires the maintenance of minimum net capital. At June 30, 2017, National Securities had net capital of \$10,464,721 which was \$10,214,721 in excess of its required net capital of \$250,000. National Securities is exempt from the provisions of the SEC's Rule 15c3-3 since it is an introducing broker-dealer that clears all transactions on a fully disclosed basis and promptly transmits all customer funds and securities to clearing brokers.

vFinance Investments is also subject to the Rule, which, among other things, requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2017, vFinance Investments had net capital of \$1,534,147 which was \$534,147 in excess of its required net capital of \$1,000,000. vFinance Investments percentage of aggregate indebtedness to net capital was 0.8 to 1. vFinance Investments is exempt from the provisions of the SEC's Rule 15c3-3 since it is an introducing broker-dealer that clears all transactions on a fully disclosed basis and promptly transmits all customer funds and securities to clearing brokers.

Advances, dividend payments and other equity withdrawals from its Broker-Dealer Subsidiaries are restricted by the regulations of the SEC, and other regulatory agencies. These regulatory restrictions may limit the amounts that a subsidiary may dividend or advance to the Company.

During the first nine months of fiscal 2017 and 2016, the Broker-Dealer Subsidiaries were in compliance with the rules governing dividend payments and other equity withdrawals.

The Company extends unsecured credit in the normal course of business to its brokers. The determination of the appropriate amount of the reserve for uncollectible accounts is based upon a review of the amount of credit extended, the length of time each receivable has been outstanding, and the specific individual brokers from whom the receivables are due.

We do not have any material commitments for capital expenditures. We routinely purchase computer equipment and technology to maintain or enhance the productivity of our employees and such capital expenditures amounted to \$1,306,000 and \$470,000 during the first nine months of fiscal 2017 and 2016, respectively.

Net cash provided by operating activities increased \$9,022,000 for the nine months ended June 30, 2017, compared to the nine months ended June 30, 2016. The increase in net cash provided by operating activities was primarily due to higher operating revenues collected for the nine months ended June 30, 2017.

OFF-BALANCE SHEET ARRANGEMENTS

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a material current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market Risk

Our primary market risk arises from the fact that we engage in proprietary trading and make dealer markets in equity securities. Accordingly, we may be required to maintain certain amounts of inventories in order to facilitate customer order flow. We may incur losses as a result of price movements in these inventories due to changes in interest rates, foreign exchange rates, equity prices and other political factors. We are not subject to direct market risk due to changes in foreign exchange rates. However, we are subject to market risk as a result of changes in interest rates and equity prices, which are affected by global economic conditions. We manage our exposure to market risk by limiting our net long or short positions. Trading and inventory accounts are monitored daily by management and we have instituted position limits.

Credit risk represents the amount of accounting loss we could incur if counterparties to our proprietary transactions fail to perform and the value of any collateral proves inadequate. Although credit risk relating to various financing activities is reduced by the industry practice of obtaining and maintaining collateral, we maintain more stringent requirements to further reduce our exposure. We monitor our exposure to counterparty risk on a daily basis by using credit exposure information and monitoring collateral values. We maintain a credit committee, which reviews margin requirements for large or concentrated accounts and sets higher requirements or requires a reduction of either the level of margin debt or investment in high-risk securities or, in some cases, requiring the transfer of the account to another broker-dealer.

We monitor our market and credit risks daily through internal control procedures designed to identify and evaluate the various risks to which we are exposed. There can be no assurance, however, that our risk management procedures and internal controls will prevent losses from occurring as a result of such risks.

The following table shows the fair values of our securities owned as of June 30, 2017:

	Securities owned
Corporate stocks	\$ 70,000
Municipal bonds	1,333,000
Restricted stock	192,000
Total	<u>\$ 1,595,000</u>

Operational Risk

Operational risk generally refers to the risk of loss resulting from our operations, including, but not limited to, improper or unauthorized execution and processing of transactions, deficiencies in our technology or financial operating systems and inadequacies or breaches in our control processes. We operate in a dynamic market and are reliant on the ability of our employees and systems to process a large number of transactions. These risks are less direct and quantifiable than credit and market risk, but managing them is critical, particularly in a rapidly changing environment with increasing transaction volumes. In the event of a breakdown or improper operation of systems or improper action by employees, we could suffer financial loss, regulatory sanctions and damage to our reputation. Business continuity plans exist for critical systems, and redundancies are built into the systems as deemed appropriate. In order to mitigate and control operational risk, we have developed and continue to enhance specific policies and procedures that are designed to identify and manage operational risk at appropriate levels throughout our organization and within various departments. These control mechanisms attempt to ensure that operational policies and procedures are being followed and that our employees operate within established corporate policies and limits.

Risk Management

We have established various committees of the Board of Directors to manage the risks associated with our business. Our Audit Committee was established for the primary purpose of overseeing (i) the integrity of our unaudited and audited condensed consolidated financial statements, (ii) our compliance with legal and regulatory requirements that may impact our unaudited condensed consolidated financial statements or financial operations, (iii) the independent auditor's qualifications and independence and (iv) the performance of our independent auditor and internal audit function.

In addition, we have written policies and procedures that govern the conduct of business by our employees and our relationship with our clients. Our client policies address the extension of credit for client accounts, data and physical security, compliance with industry regulation and codes of ethics to govern employee conduct among other matters.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of disclosure controls and procedures.

Disclosure controls and procedures are our controls and other procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), are recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act, is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding disclosure.

Based on our evaluation of disclosure controls and procedures (as defined in the Exchange Act Rules 13a-15(e) and 15d-15(e)) required by the Exchange Act Rules 13a-15(b) or 15d-15(b), our Principal Executive Officer and Principal Financial Officer have concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were adequate and effective to ensure that material information relating to us and our consolidated subsidiaries would be made known to them by others within those entities, particularly during the period in which this Quarterly Report on Form 10-Q was being prepared.

Changes in internal controls.

There were no changes in our internal control over financial reporting during the quarter ended June 30, 2017, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We and our subsidiaries are defendants or respondents in various pending and threatened arbitrations, administrative proceedings and lawsuits seeking compensatory damages. Several cases have no stated alleged damages. Claim amounts are infrequently indicative of the actual amounts we will be liable for, if any. Further, we have a history of collecting amounts awarded in these types of matters from our registered representatives that are still affiliated, as well as from those that are no longer affiliated. Many of these claimants also seek, in addition to compensatory damages, punitive or treble damages, and all seek interest, costs and fees. These matters arise in the normal course of business. We intend to vigorously defend our company in these actions, and the ultimate outcome of these matters cannot be determined at this time.

Liabilities for potential losses from complaints, legal actions, government investigations and proceedings are established where management believes that it is probable that a liability has been incurred and the amount of loss can be reasonably estimated. In making these decisions, management bases its judgments on its knowledge of the situations, consultations with legal counsel and its historical experience in resolving similar matters. In many lawsuits, arbitrations and regulatory proceedings, it is not possible to determine whether a liability has been incurred or to estimate the amount of that liability until the matter is close to resolution. However, accruals are reviewed regularly and are adjusted to reflect management's estimates of the impact of developments, rulings, advice of counsel and any other information pertinent to a particular matter. Because of the inherent difficulty in predicting the ultimate outcome of legal and regulatory actions, management cannot predict with certainty the eventual loss or range of loss related to such matters. As of June 30, 2017 and September 30, 2016, the Company accrued approximately \$2,633,000 and \$832,000, respectively. These amounts are included in accounts payable and other accrued expenses in the statements of financial condition. Awards ultimately paid, if any, may be covered by our errors and omissions insurance policy. While we will vigorously defend our company in these matters, and will assert insurance coverage and indemnification to the maximum extent possible, there can be no assurance that such matters will not have a material adverse impact on our financial position, results of operations or cash flows.

ITEM 1A. RISK FACTORS

There are no material changes from the risk factors previously disclosed in our Annual Report on Form 10-K for the fiscal year ended September 30, 2016.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

In August 2015, the Board of Directors authorized the repurchase of up to \$2 million of our common stock. Share repurchases, if any, could be made using a variety of methods, which may include open market purchases, privately negotiated transactions or block trades, or any combination of such methods, in accordance with applicable insider trading and other securities laws and regulations. The Board of Directors did not stipulate an expiration date for this repurchase and the purchase decisions are at the discretion of our management. There were no share repurchases during the three and nine months ended June 30, 2017.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY
